

RETRIEVING ABILITY TEST FOR GUNDOGS

15th May 2016

To all members, our club will be hosting a Retrieving Ability Test for Gundogs (RATG) on **Sunday the 15th of May 2016** at KCC Park Skye.

We are looking for a small contribution from you to support our club with awards for the winning competitors. Your support against something listed here would be very much appreciated.

If you are in a position to help please contact the Trial Secretary – Linda Evertsen at everweis@bigpond.net.au to give your support. Your support will be listed in the catalogue on the day.

For those members that are interested you are more than welcome to attend. So come along and have a look, ask questions - you never know this may be something that you and your dog would like to become involved in.

Also please note that Linda and Bernie will be conducting training sessions in the weeks leading up to the trial. We hope that this will encourage members to enter. Details will follow on the Club's Webpage – www.weimaranervic.com
