Trailers and Vehicles Banned on Lawns

No trailers or vehicles are permitted on lawn areas throughout KCC Park. This is to protect the lawn itself, and also the complex system of below-surface irrigation that has been installed. Parking is available on all gravel and carpark marked areas of the grounds.

Dogs Exercise Area

The Park has fenced off-lead areas. There are also barbecues and picnic tables that DOGS Victoria and Companion Dog Club members can use any time the park is open.

Please remember that unless you are in designated, fenced off-leash areas or are participating in training or competition, your dog must be kept on a lead at all times at KCC Park.*

*Large Fenced Area

The larger fenced area to the south of the Park has for many years been used for lure coursing, followed by herding when that discipline commenced. Clubs representing these activities provided substantial funding, plus manpower, to fence the area, making it more suitable for their sports.

Please note the following:

1. If a member is already using the area at any other times, please wait until they leave before entering with your own dogs
2. Please read the conditions of use displayed near the entrances

3. Please pick up after your dogs, using bags and bins provided
4. Please be considerate and give others a turn if they are waiting. We suggest 15 minutes is enough, you may be able to come back later after taking a pleasant lead walk around the rest of the Park and resume your free running.

***Smaller Fenced Area**

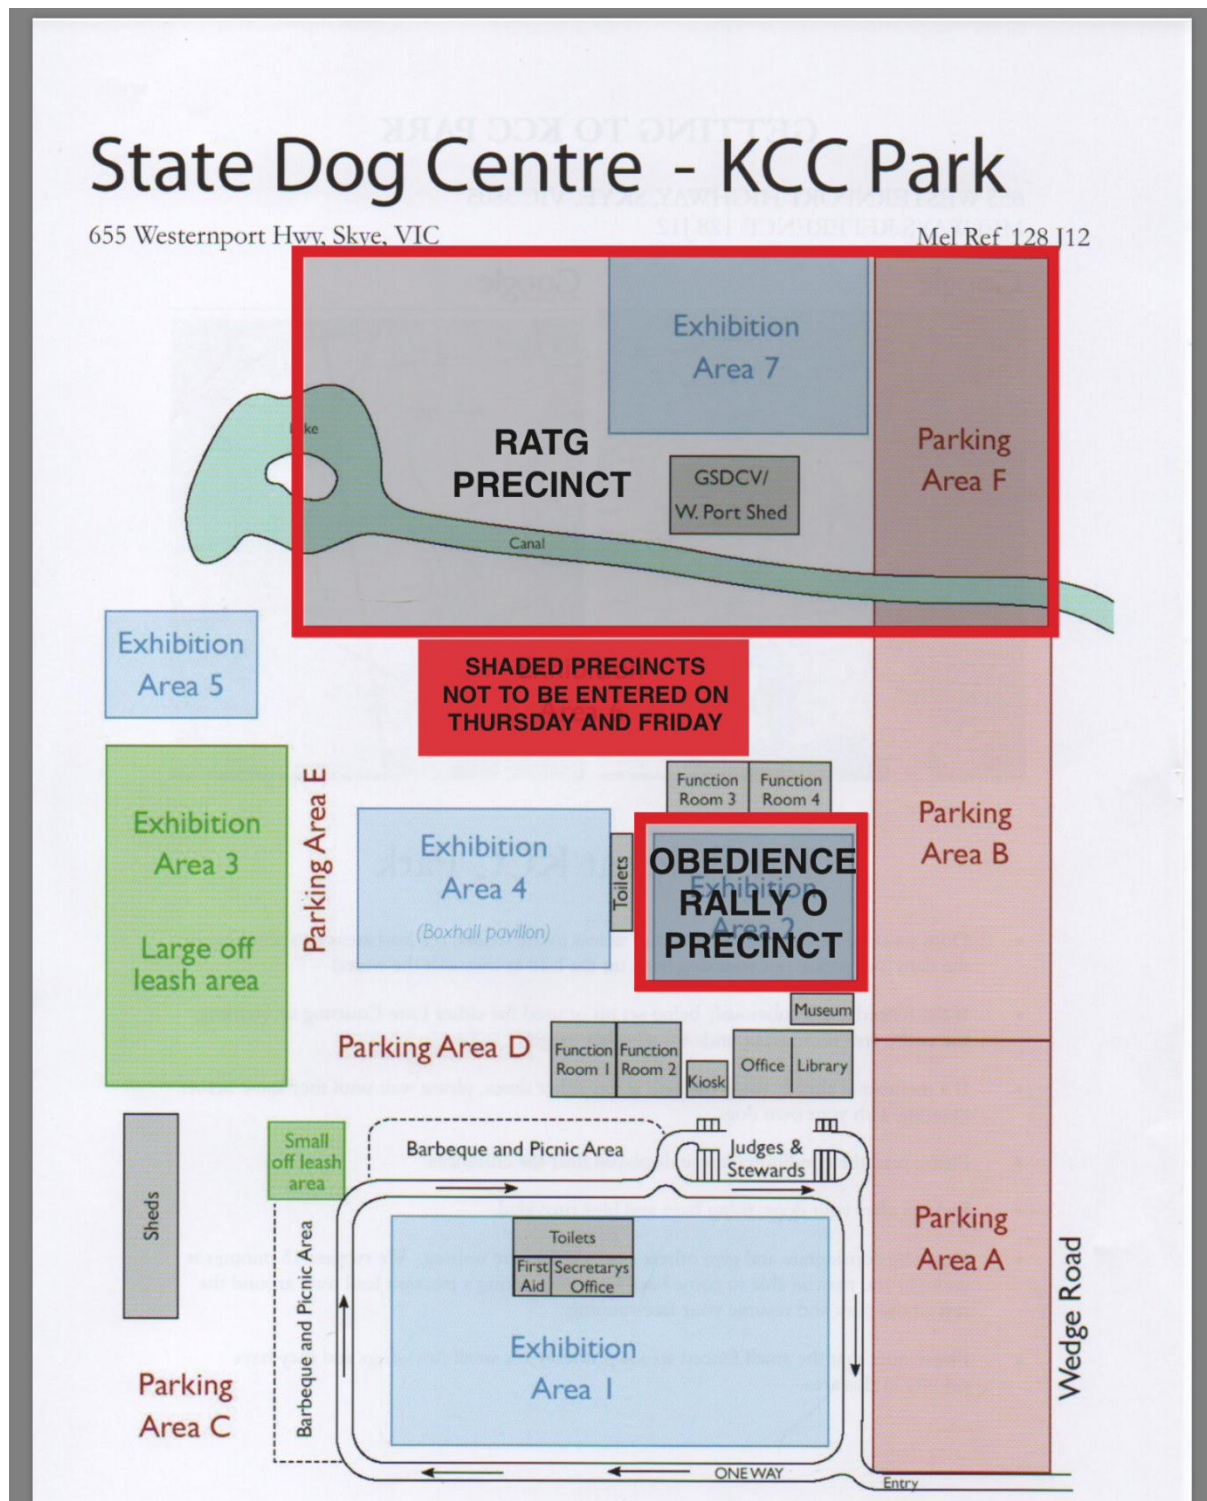

Nearby there is a smaller fully fenced space intended for use by toy dogs. These breeds take precedence. However, if the space is not being used, any member may take their dogs in, providing they leave immediately if a member arrives to run small dogs.

These facilities are a great asset for DOGS Victoria members and we wish to ensure maximum usage, which will be made much easier if we humans all care and share and set a good example for our dogs!
